SEALED AIR INFLATABLES

Custom inflatable products have been a specialty of Alvimar Global since 1947. Our ability to create realistic details, at an affordable cost, entice many of North America's largest companies to use our inflatables to promote their brands. Product replicas, characters, floats, sports themes... we create them all.

CUSTOM FLOOR MATS

Alvimar's promotional floor mats have proven to be very effective when used as stand-alone items. But when integrated with an in-store display – especially one that is surrounded by stacks of products – our floor mats provide an extra attention-grabbing element that draws in customers and stimulates spontaneous purchases. Multiple substrates available for your specific needs. All our mats are 100% made in USA.

MAGNETIC CEILING GRABBERS

Alvimar Global's proprietary magnetic Ceiling Grabbers™ actually point the way to greater P.O.P. sales. The 'arrow shape' draws consumers' attention to in-store products. They do not take up any valuable floor space, and they install easily in less than one minute with sewn-in corner magnets that attach to standard metal ceiling grids. Available in 2' X 2' and 2' X 4' sizes.

CUSTOM GIANT INFLATABLES

Alvimar Global's giant inflatables are an exceptional way to get noticed as a part of your experiential marketing initiatives. Our giant inflatables are proven to be a major factor for driving impulse sales at large events. We design them with incredible realism and detail which provides extraordinary impact from close up and far away. We can make any size giant inflatable up to 40 feet tall.

CUSTOM COOLERS

Imagine your brand being seen immediately when consumers walk into a convenience store or as they approach to make their purchase. Our custom portable coolers are vibrantly printed and showcase your logo. Fill them with your beverages laying on ice and position them near the checkout counter or they are a great option as a dealer incentive.

CUSTOM TENTS

Whether used at outdoor festivals, large events, or in-store to enhance P.O.P. displays, Alvimar Global's tents offer more choices that fit any budget. Over the years, hundreds of companies large and small have relied on Alvimar Global for their custom tent needs.

CUSTOM PROMO FLAGS & BANNERS

Alvimar Global offers many types of promotional flag banners and hanging banners that are convenient and easy to set-up. They are an affordable way to enhance your promotions and get your brand noticed. Our custom capabilities and high-resolution printing using dye sublimation inks offer unlimited design possibilities. Our ordering and manufacturing process is easy, efficient and thorough.

FOLDABLE POP-UP COOLERS

Brands compete for the buyer's attention in any store. When the shopper scans the store looking for the right product, they see promotional displays and all your competitors products on the shelves. You know that your product sells itself, but Alvimar Global's foldable pop-up coolers assure that shoppers see your products when placed near the point-of-sale in-store.

FREE CONCEPT ART

We can bring your P.O.P. promotional product ideas to life with free artist concepts. Take the guesswork out of ordering custom P.O.P. products. Our artists can create realistic representations of products with your promotional message on them. We'll do it with incredible detail and we'll do it for free.
